

**ENTHUSIASM MEETS EXPERIENCE: 50 YEARS AGO THE  
SUCCESSFUL SECOND SERIES OF FULVIA STARTED.  
WE START THE SECOND PHASE OF HISTORIC RACING WORKS  
AND FORM ONE OF THE MOST POWERFUL LANCIA AND  
FULVIA PARTS DEALERS IN GERMANY.**

**HISTORIC  
RACING  
WORKS**

**HISTORIC  
RACING  
WORKS**

- > Already after four years we have established ourselves as a respected Lancia and Fulvia workshop. Service is now followed by spare parts: The renowned dealer Emporio Ricambi with 20 years of experience has merged with us. Now we expand our webshop [shop.historicracing.de](https://shop.historicracing.de) together. However, Hans will remain your contact person for the spare parts branch from Hammoor near Hamburg!
- > Under the category Race Service, we develop Fulvia race parts in Berlin. Together with you as our customers, we test drive vehicles, parts and aggregates in hard races and rallies.
- > In the workshop we professionalize our restoration projects. Co-owner Marc Eberhardt is there for you in our service branch in Berlin.
- > Now we can combine spare parts, consulting and service under one brand: HISTORIC RACING WORKS.

WERKSTATT

RACE SERVICE

ERSATZTEILE

A new home for historic Lancia cars - but also for other classic sports cars from Italy and Germany. Repair, restoration and modding. Spare parts, race service, race and rally cars.

> Our workshop is dedicated to repairing, restoring and modding - with the Lancia brand and the Fulvia model playing an important role. We develop race or rally cars from our own racing experience. We would like to encourage you to use your Fulvia for sporting purposes, but we also take care of the everyday restoration and repair of bodywork and technics. If you wish, we can also help you buy or sell a classic car.

> With our spare parts business we can now provide (almost) all spare parts for your Lancia Fulvia. In the webshop we now enter a growing number of parts. But don't worry, there will be the Emporio Ricambi website with the usual price lists for you for some time to come. As well as a variety of parts for other Lancia models and a selection for some Maserati types.

## Our services

- Lancia spare parts: mainly Fulvia and Flavia; also Flaminia and Beta
- Complete restorations, modifications, construction of race or rally cars
- Chassis optimization: lowering, single leaf springs, shortened and adjustable shock absorbers
